# CLASS OBJECTIVE

The Big Picture breakouts are meant as overviews of our program features not as “training” sessions like our Hands On Training.

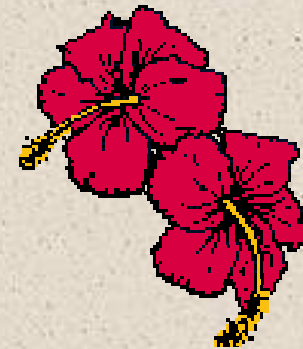

Users will see a demo of the features outlined, but due to limited time, a lot of the details on how some things were set up will not be reviewed. Specific detailed breakout sessions will be referenced during these sessions for more information.

# AGENDA

- Introduction to TexTrack
- How TexTrack works
- Customizing the system
- Maintenance screens
- Transactions – check out and check in
- Reporting
- Using Form Letters
- Web Viewer Options
